4. The water vapor	d) evaporates
5. It takes nine days	e) flows back
6. The water cycle	f) falls from the clouds
7. The heat of the sun	g) repeats every nine days

8. The rain	h) h. form
-------------	------------

**Pollution Vocabulary**

dangerous	air	late	noise	fresh air
serious	water	roadworks	smoke	safe

**ACTIVITY 3.**

Listen to the information about pollution in Hong Kong and complete the gaps with the words in the box.

The pollution in Hong Kong is a \_\_\_\_\_ problem. We have \_\_\_\_\_ pollution which makes the rivers and the sea very dirty. Some seafood is no longer \_\_\_\_\_ to eat now. We have \_\_\_\_\_ pollution because of the \_\_\_\_\_ made by cars and factories. \_\_\_\_\_ pollution is also getting worse because of the \_\_\_\_\_ and traffic in our streets. If we allow this to go on, Hong Kong will become a \_\_\_\_\_ place to live in. Therefore, we must do something before it is too \_\_\_\_\_. If we don't stop making a lot of smoke, we won't have \_\_\_\_\_ to breathe.

**ACTIVITY 4.**

Listen to the information about climate change and answer the questions.

1. What causes climate change?
2. Why is climate change a problem?

The Global Goals

**ACTIVITY 5.**

*Listen to the information about global goals and answer the questions.*

1. What are the Global Goals?
2. What actions are you already taking for the Global Goals?

**ACTIVITY 6.**

*Listen to our guest and answer the questions.*

1. Who is Greta Thunberg?
2. Fridays 4 Future or climate strike?

*Listen to a message by Greta Thunberg:*
